

Senior UX Designer in Austin TX

Experience

CPS Energy, Senior UX Designer **Austin, TX | April 2023 - Present**

Core team member for first UX initiative at CPS Energy. I focus on residential experience, but function as a floating UX utility across a variety of teams. In addition to full-spectrum UX design and process, I am also in charge of building our design language system, with a high emphasis on WCAG.

Chipper, Senior UX Designer **Austin, TX | Dec 2021 - Dec 2022**

As a Senior UX designer for Chipper, I was involved in the complete redesign of the Chipper legacy app, as well as led a rebranding team that focused on persona creation, design system creation, and a new product aesthetic. I also led the research and design of new features, including Loan Forgiveness and Rewards.

Zego, UX Designer **Austin, TX | Feb 2021 - Dec 2021**

I was a UX designer for Zego, a subsidiary of Global Payments. I was responsible for designing products for our resident and property management platforms.

Mobile Doorman, Product Designer and Manager **Austin, TX | May 2019 - Feb 2021**

At Mobile Doorman I was the sole UX designer, and later stepped in to function as product manager on a new feature. In addition to designing the Mobile Doorman product updates, I was also the product manager/UX designer of a new tool, Lease Renewal, that was instrumental in the eventual acquisition of the company.

General Assembly, UX Instructor **Austin, TX | January 2019 - May 2019**

Instructor for the 10-week User Experience Design Immersive program helping students to launch a career in UX design. Teach core skills and methods that make up the entire user experience design process - from research and ideation to information architecture, prototyping, and testing.

Anibikes, UX Designer **Austin, TX | July 2018 - May 2019**

I was responsible for full-spectrum UX process implementation, with an emphasis on app architecture and usability within COPPA.
